Office of the Comptroller City of New York

This schedule of prevailing wages and supplemental fringe benefits must be posted at the public work site pursuant to New York State Labor Law 231 (6).

LABOR LAW 230 BUILDING SERVICE EMPLOYEES

Pursuant to Labor Law 230 ET SEQ. the Comptroller of the City of New York has promulgated this schedule of prevailing wages and supplemental benefits solely for building service employees engaged on public building service contracts in excess of \$1,500.00. Contracting agencies anticipating doing work which requires the employment of a building service trade or classification not included in this schedule must request the Comptroller to establish a proper classification for the work pursuant to Labor Law 231 (4). The prevailing rate schedule as promulgated by the Comptroller, must, in compliance with the law, be annexed to and form part of the contract.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law 231 (6).

This schedule is applicable for work performed from July 1, 2000 through June 30, 2001, unless otherwise noted. You will be notified of any changes to this schedule by Addenda published in the City Record. The rate of wages and supplemental benefits to be paid or provided are those that prevail at the time the work is being performed. Preliminary schedules for future one year periods are published annually in the City Record on or about June 1st of each succeeding year with final schedules published on or about July 1st.

The Comptroller's Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday, or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such rates and practices are nevertheless part of the employer's prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4437, Monday through Friday between the hours of 9 a.m. and 5 p.m.

Answers to questions concerning the application of premium rates and or prevailing trade practices may be found in the collective bargaining agreements of the prevailing union or by requesting such information from the Bureau of Labor Law's Classification and Determination unit by calling Thomas C. Nodell, unit chief at (212) 669-4746. All other inquiries concerning compliance with the Prevailing Wage Law, should be directed to; Bureau of Labor Law, Att: Thomas Nodell, Office of the Comptroller, 1 Centre Street, Room 629, New York, N.Y. 10007; Fax (212) 669-8747.

Effective period July 1, 2000 THROUGH June 30, 2001

Office of the Comptroller City of New York

Building Service Workers employed on a public building service contract must receive not less than the prevailing rate of wage and benefits for the Classification of work performed by each upon such public work. Contractors are solely responsible for maintaining original payroll records which delineate, among other things, the hours each employee worked within a given Classification. Contractors using rates and/ or Classifications not promulgated by the Comptroller do so at their own risk. Additionally, prior to bid, Agency Chief Contracting Officers must contact the Bureau of Labor Law when the need arises for a work Classification not published in this schedule.

Prevailing Wage Rate Schedule Information

The information listed below is intended to assist you in meeting your prevailing wage rate obligation. Covered workers: Any and all individuals who are engaged, employed or otherwise occupied as building service employees on the public work site. Supplemental benefits: Employers may meet their supplemental benefits obligation by paying the hourly supplemental benefits in cash. Such cash payments are considered income to the employee. Employers who elect to provide bona fide supplemental benefits to their employees will be given hourly cash credit for such benefits up to the hourly benefits rate set forth in the applicable schedule for the relevant trade or occupation at issue.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some Classifications require the payment or provision of supplemental benefits to be purchased at the overtime, shift differential, Holiday, Saturday, Sunday or other premium time rate. Contractors are advised to review the applicable collective bargaining agreements and the Comptroller's Prevailing Wage Schedule before bidding on public work. Any Prevailing Wage Rate error made by the Contracting Agency in the contract documents will not preclude a finding against the contractor of prevailing wage violation.

Benefit rates required to be annexed to and from part of the contract specifications for New York City Public Work Pursuant to New York State Labor Law §231 (4). However, only the prevailing rate for the specific building service trades or classifications anticipated by the contracting agency to be utilized upon such public work need be annexed to the contract.

The attached Schedule of wages and supplements are the prevailing rates and the contractor engaged in public work is obligated to pay each building service workers not less than the rates specified in this schedule for the trade or occupation utilized upon such public work.

Particular attention should be given to the supplemental benefits requirement. Although in most instances the payment or provision for supplemental benefits is for each hour worked, some classifications require the payment or provision of supplemental benefits for each hour paid. Consequently, some prevailing practices require benefits to be purchased at the overtime, shift differential, Saturday, Sunday or other premium time rate.

Office of the Comptroller City of New York

Contractors are advised to review the applicable collective bargaining agreements and the Comptroller's prevailing wage schedule before bidding on public work. If there are any questions concerning prevailing wages, benefits, overtime, Holiday, shift differential or any prevailing practice, please contact this office.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the Contracting Agency in the contract document or in any other communication will not preclude a finding against the contractor of prevailing wage violation.
