

NYC OFFICE OF THE COMPTROLLER

JOB VACANCY NOTICE

Title:	Unit Chief – Information Technology (IT) Contracts
Salary:	\$70,000 - \$80,000
Bureau/Division:	Contract Administration / Specialized Contract Registration
Period:	December 7, 2016 – Until Filled

JOB DESCRIPTION

The Comptroller's Bureau of Contract Administration (BCA) is responsible for reviewing all contract actions including, but not limited to, contracts, contract amendments, leases and concessions entered into by City agencies to determine whether a particular action should be registered. BCA's Specialized Contract Registration (SCR) Division is charged with reviewing and registering complex City contracts including, but not limited to, client/human services contracts, concession and franchise agreements, revocable consents, real property licenses and leases, construction/construction-related services agreements and IT contracts, to ensure compliance with all applicable requirements of the NYC Charter, Procurement Policy Board (PPB) Rules, Comptroller Directives and other City, State, and Federal mandates.

BCA is currently seeking a Unit Chief for the Information Technology (IT) Unit within SCR. The IT Unit is primarily responsible for the review of complex IT contracts submitted for registration. The IT Unit Chief will be responsible for supervising the review of this portion of SCR's portfolio by contract analysts and providing assistance and insight relating to registration to the Deputy Comptroller, Bureau Chief and the SCR Division Chief.

Under the direction of the SCR Division Chief, responsibilities of the IT Unit Chief include, but are not limited to:

- Managing the review and analysis of a high volume of complex City IT contracts, contracting procedures and related activities to determine whether a particular action should be registered;
- Reviewing all aspects of a contract submission, including agency responsibility determinations and contractor performance evaluations, to determine whether there may be possible corruption in the letting of the contract or whether the proposed contractor is involved in corrupt activities;
- Assisting in formulating research plans as well as recommending and implementing approved risk mitigation strategies to prevent fraud or mismanagement within the City's procurement process;
- Reviewing FMS data entry for completeness and accuracy in preparation of contract registration;
- Drafting letters, analytical reports and memoranda with respect to the above-referenced contract registration review duties.
- Performing special projects and analyses, as assigned; and
- Representing BCA at intra-agency and interagency meetings.

MINIMUM QUALIFICATION REQUIREMENTS

1. A baccalaureate degree, preferably in Computer Science, Information Technology or a related discipline from an accredited college and four (4) or more years of progressively responsible professional experience in purchasing, procurement, contract administration or a related field, at least eighteen months of which must have been in an administrative, managerial or executive capacity or supervising professional personnel performing duties in one or more of the above fields; or
2. A combination of education and/or experience equivalent to "1" above.

Note: Possession of an acceptable professional procurement certification may be substituted for up to one (1) year of the above-referenced experience requirements.

PREFERRED SKILLS IN ADDITION TO MINIMUM QUALIFICATIONS

- Familiarity with the City's procurement and contracting rules and statutes, the PPB as well as general government and regulatory compliance operations, including legal, regulatory, and financial requirements;
 - Experience in administering NYC IT contracts;
 - Familiarity with the City's information technology systems and databases, including procurement-related systems such as OAISIS, FMS, APT and VENDEX;
 - Demonstrated experience in the field of contract administration and/or handling complex contract reviews;
 - Demonstrated experience preparing clear, concise, and accurate analytical reports, including the provision of recommendations for review, creation, and modification of existing policies and procedures;
 - Excellent analytical, interpersonal, communication and organizational skills (including Microsoft Office Suite proficiency) and the ability to interact with all levels of management;
 - Ability to work effectively in a fast-paced environment while managing multiple priorities.
