LIU STATEMENT ON DEATH OF PATRICIA DOLAN

NEW YORK, NY – City Comptroller John C. Liu today issued the following statement on the death of Queens Civic Congress President Patricia Dolan:

“The borough of Queens lost a favorite daughter last night. I have known Pat for many years as a tireless advocate for Queens and for New York City and someone who was fearless about speaking her mind and standing up for what she believed in. Pat was quick as a whip and sharp as a tack. Her leadership and infectious spirit will be sorely missed, and I stand together with my fellow residents of Queens to mourn her untimely death. My deepest sympathies and prayers are with Pat’s family during this difficult time.”
