

NYC OFFICE OF THE COMPTROLLER

JOB VACANCY NOTICE

Title:	SharePoint and .NET Developer
Salary:	\$70,000 - 85,000
Bureau/Division:	Bureau of Information Systems (BIS)
Period:	November 26, 2014 – Until Filled

JOB DESCRIPTION

The Bureau of Information systems provides a full range of technology support services for key business functions and charter mandated responsibilities of the Comptroller's Office. These services include: technology strategic planning, web site development, graphic design, disaster recovery, systems development, network administration, audio/visual services, business process re-engineering, change management, program management, security administration, help desk, computer operations, telecommunications, and document management.

Under the direction of the Director of Application Development, the responsibilities for the position of SharePoint and .NET Developer include, but are not limited to the following:

- Investigating, analyzing, designing, configuring, programming and implementing new cost effective SharePoint solutions that are aligned with the business and technology strategies and meet requirements of the business;
- Code, test, and implement solutions using ASP.Net;
- Maintain existing BIS applications by identifying and resolving issues in a timely manner;
- Modify and update existing applications as program needs change over time;
- Document detailed application specifications, translate technical requirements into programmed application modules and develop/enhance software application modules;
- Manage multiple priorities simultaneously, working towards successful and on-time completion of all projects;
- Perform other duties as requested by the reporting manager.

QUALIFICATION REQUIREMENTS

BA/BS from an accredited college in computer science, information systems or a closely related field, and five (5) or more years of progressively responsible full-time experience in a technology support organization, working with financial and accounting systems, operations research, computer systems, or in a related area.

PREFERRED SKILLS IN ADDITION TO MINIMUM QUALIFICATIONS

- 5+ years of development experience in .NET web environment is required;
- 2+ years of experience in Microsoft SharePoint Administrator;
- Knowledge of all aspects of system development life cycle (SDLC); experience in writing T-SQL queries, views, stored procedures, and functions in MS SQL and creating reports via SQL Server Reporting Services (SSRS);
- Familiarity with Web services, XML, XSL, XSLT, C#, JAVA, JavaScript, VBScript and functional knowledge of HTML is preferred;
- Excellent communication skills; ability to work independently in a fast-paced environment.

TO APPLY, GO TO: Employment Opportunities at www.comptroller.nyc.gov

Certain residency requirements may apply. We appreciate every applicant's interest; however, only those under consideration will be contacted.

Note: Vacancy notices listed as "Until Filled" will be posted for at least five work days.
