Re: Quarterly Report on Interest Rate Exchange Agreements pursuant
to Section 54.90 of the Local Finance Law as of September 30,
2020

Dear Sirs and Mesdames:

The City of New York (the “City”) is filing this report pursuant to Section 54.90 of the New York State Local Finance Law (“LFL”). Terms used herein that are not defined have the meanings ascribed thereto in Section 54.90 of the LFL. The City Swap Transaction Summary (the “Summary”) is attached hereto as Exhibit A. The Summary indicates whether each interest rate exchange agreement described below was entered into pursuant to Section 54.90.c or 54.90.d of the LFL or Section 2926 of the Public Authorities Law of the State of New York. For information on Interest Rate Exchange Agreements (“IREAs”) that have terminated, please see Exhibit C hereto.

Description of the Interest Rate Exchange Agreements

A. City as Counterparty

The City has entered into a separate ISDA Master Agreement and Schedule to the Master Agreement (collectively, a “Master Agreement”) with each counterparty or its assignee (each individually, a “Counterparty” and collectively, the “Counterparties”) listed in the table below. Each Master Agreement, together with the related confirmation or confirmations, is hereinafter referred to as an “Interest Rate Exchange Agreement”, “IREA” or “Swap”. Details of each IREA are included in the Summary. IREAs numbered 1-4, 6, 7, and 9-14 have terminated and are not described in this Quarterly Report other than in exhibits hereto.

Transaction Number and Type	Counterparty	Notional Amount as of 09/30/2020	Initial Trade Date	Termination Date
5: Synthetic Fixed	U.S. Bank, N.A. (“USB”)	\$66,175,000	January 9, 2003	August 1, 2026
8: Synthetic Fixed	Wells Fargo Bank, National Association (“WFBNA”)	\$350,000,000	July 1, 2003	August 1, 2031
		Total: \$416,175,000		

The total notional amount of IREAs outstanding as of September 30, 2020 is \$416,175,000. Exhibit A attached hereto sets forth the terms of the IREAs in greater detail.

The City’s IREA number 5 was initially procured through negotiation between the City and the initial Counterparty. IREA number 8 was procured through competitive bidding. The City received an independent finding that the terms and conditions of each of the transactions reflected fair market value as of their respective pricing dates.

On April 1, 2008, the City executed a bond refunding transaction pursuant to which a portion of IREA number 5 was deemed terminated solely for tax purposes as of May 1, 2008. Nevertheless, IREA number 5 remains in effect.

On March 20, 2010, the Office of the Comptroller of the Currency certified as effective the merger of Wachovia Bank, NA with and into WFBNA, with WFBNA becoming the resulting bank. This development relates to IREA number 8.

On March 25, 2014, October 3, 2017, and April 19, 2018, the City executed bond refunding transactions pursuant to which a portion of IREA number 8 was deemed terminated solely for tax purposes as of March 25, 2014, September 14, 2017 and April 11, 2018, respectively. Nevertheless, IREA number 8 remains in effect.

On October 5, 2016, the City novated IREAs number 5 from UBS AG (“UBS”) to USB. The rating of UBS was A1/A+. The rating of USB was A1/AA-.

On April 27, 2020, the City and WFBNA amended IREA number 8 such that the floating rate to be received by the City was changed from 61.85% of one-month LIBOR to SIFMA and the fixed rate to be paid by the City was changed from 2.964% to 3.175%, all effective on May 1, 2020.

The estimated total mid-marked-to-market value of all of the remaining transactions, as of September 30, 2020, is approximately (\$78,368,316). (This is the net amount the City would owe to the Counterparties if all of the transactions were terminated on that date exclusive of unwind costs or benefits in connection with the termination.) The estimated mid-marked-to-market value of the transactions by current counterparty, as of September 30, 2020, is as follows:; WFBNA (\$71,221,614); and USB (\$7,146,702). See Exhibit A attached hereto for the mid-marked-to-market values stated separately for each transaction.

Payments under the Transactions

As of September 30, 2020, the City has received a total of \$683,295,683 from the Counterparties under the outstanding, matured and terminated IREAs, which includes \$85,255,899 from the Counterparties under the outstanding IREAs and \$598,039,784 from matured and terminated IREAs. See Exhibit A attached hereto for a full breakdown of the payments the City has received for each transaction.

As of September 30, 2020, the City has made payments of \$808,034,491 to the Counterparties under the outstanding, matured and terminated IREAs, which includes \$245,840,631 under the outstanding IREAs and \$562,193,860 under the matured and terminated IREAs.

Credit Enhancement

There are no liquidity facilities or reserves provided in connection with the IREAs. In each outstanding IREA, the City and each Counterparty have agreed to post collateral securing the termination value of the applicable IREA. Under the Master Agreement with WFBNA, the City is required to post collateral if the City's credit rating goes below Baa3 or BBB-. Under the Master Agreement with USB, the City is required to post collateral if the credit rating of the City goes below Baa3 and BBB-. WFBNA is required to post collateral if one of its credit ratings goes below A2/A. USB is required to post collateral if one of its credit ratings goes below Aa3/AA-.

Costs and Expenses

The aggregate costs and expenses incurred in connection with the execution of IREAs numbered 5 and 6 were approximately \$65,000, consisting of approximately \$25,000 in legal fees and \$40,000 in swap advisory fees. The costs and expenses for IREA number 5 were aggregated with costs and expenses associated with IREA number 6, which was subsequently terminated and is not included in this Quarterly Report.

The costs and expenses incurred in connection with the execution of IREA number 8 were approximately \$65,000, consisting of approximately \$25,000 in legal fees and \$40,000 in swap advisory fees.

The costs and expenses incurred in connection with the novation of IREAs numbered 4 and 5 consisted of \$7,500 in swap advisory fees. The costs and expenses in connection with

the novation of IREA number 5 were aggregated with costs and expenses associated with the novation of IREA number 4, which was subsequently terminated and is not included in this Quarterly Report.

The costs and expenses in connection with the amendment of IREA number 8 consisted of \$30,000 in legal fees and \$16,240 in swap advisory fees.

Description of Counterparties

WFBNA, a national banking association organized under the laws of the United States, is rated Aa2/A+. USB, a national banking association organized under the laws of the United States, is rated A1/AA-. All ratings are as of September 30, 2020.

Risk Assessment

Counterparty Risk: The risk is that a counterparty (or its guarantor) will not meet its obligations under the swap. If a counterparty were to default under its agreement when the counterparty would owe a termination payment to the City, the City may have to pay another entity to assume the position of the defaulting counterparty. The City has sought to limit its counterparty risk by contracting only with highly rated entities or requiring guarantees of the counterparty's obligations under the swap documents. The City also manages counterparty risk by exercising its rights under the various Master Agreements to novate IREAs to higher-rated counterparties, or terminate IREAs, as it did in November, 2012 with some of its MSCS IREAs.

Termination Risk: The risk is that a counterparty will optionally terminate a swap at a time when the City owes it a termination payment. The City has mitigated this risk by specifying that the counterparty has the right to terminate only as a result of certain events, including: a payment default by the City; other City defaults which remain uncured for 30 days after notice; City bankruptcy; insolvency of the City (or similar events); or a downgrade of the City's credit rating below investment grade (i.e., Baa3/BBB-).

Basis Risk: The risk is that the City's variable rate bond payments will not equal its variable rate swap receipts because they are based on different indices. Under the terms of its LIBOR-based swap transaction (IREA number 5), the City pays a variable rate on its bonds based on the tax-exempt variable rate market but receives a variable rate based on a percentage of one month LIBOR. The City budgets sufficient amounts to cover any basis costs.

Tax Risk: The risk is that a change in Federal tax rates will alter the fundamental relationship between tax-exempt and taxable rates. A reduction in Federal tax rates, for example, will likely increase the City's payment on its underlying variable rate bonds in the synthetic fixed rate transactions. The Tax Cuts and Jobs Act ("TCJA") reduced the corporate federal income tax rate from 35% to 21% effective as of January 1, 2018, in addition to reducing certain individual income tax brackets. While variable tax-exempt rates have increased since the TCJA went into effect, there has been no definitive pattern and the outlook for the future of tax-exempt rates and tax-exempt/taxable ratios remains uncertain.

Discontinuation of LIBOR Risk: The United Kingdom's Financial Conduct Authority has announced that it will no longer require LIBOR panel banks to provide quotes to set the LIBOR benchmark as of the end of 2021. IREA number 5 is scheduled to still be in effect at such time. The City receives a percentage of LIBOR in IREA number 5. Following the end of 2021, it is unclear whether banks will continue to provide quotes voluntarily, or if LIBOR will continue to be deemed a viable index by market participants.

In the United States, the Alternative Reference Rates Committee (“AARC”) has developed the Secured Overnight Financing Rate (“SOFR”) as an alternative risk-free rate, and subsequently identified SOFR as a possible replacement rate for LIBOR. SOFR is a broad measure of the cost of borrowing U.S. Treasury securities overnight. AARC and market participants are currently in the process of identifying a methodology for which LIBOR-based instruments may be transitioned into using SOFR, in the event LIBOR is no longer published or utilized.

It is currently unclear what the impact, if any, of such a transition could be on the City and its IREAs. The City is monitoring all developments related to the potential LIBOR discontinuation in order to improve its understanding of how it may be affected going forward.

See Exhibit B for a matrix showing how changes in market conditions would affect the City’s exposure (defined as “Value at Risk” in the City’s Interest Rate Exchange Agreement Policy) on the Interest Rate Exchange Agreements.

B. Dormitory Authority of the State of New York as Counterparty:

The Dormitory Authority of the State of New York (“DASNY”) entered into separate Master Agreements with each of the Counterparties listed in the table below for Transactions numbered D3 and D4. The City is obligated, subject to appropriation, to make lease payments to DASNY reflecting DASNY’s obligations. IREAs numbered D1 and D2 have terminated and are not described in this Quarterly Report.

Transaction	Counterparty	Notional Amount as of 09/30/2020	Trade Date	Termination Date
D3: Synthetic Fixed	Goldman Sachs Matsui Marine Derivative Products LP (“GSMMDP”)	\$80,680,000	June 1, 2005	May 15, 2039
D4: Synthetic Fixed	JPM	\$44,820,000	June 1, 2005	May 15, 2039
		Total: \$125,500,000		

Each of DASNY’s IREAs was procured through negotiation among DASNY, the City and the Counterparties. DASNY received an independent finding that the terms and conditions of each of the transactions reflected fair market value as of their respective pricing dates.

The estimated total mid-marked-to-market value of IREAs D3 and D4, as of September 30, 2020, is approximately (\$47,776,789). The estimated mid-marked-to-market value of the IREAs by counterparty is as follows: GSMMDP (\$30,714,217); JPM (\$17,062,573).

Payments under the Transactions

As of September 30, 2020, DASNY received payments of \$42,985,285 under its outstanding and terminated IREAs, which includes \$18,760,285 under its outstanding IREAs and \$24,225,000 under its terminated IREAs. As of September 30, 2020, DASNY has made payments of \$56,479,512 under its outstanding IREAs. DASNY made no payments under its terminated IREAs.

Credit Enhancement

There are no liquidity facilities or reserves provided in connection with the DASNY IREAs. Under the Master Agreements with GSMMDP and JPM, DASNY is required to post collateral if the City's credit rating goes below Baa2 and BBB. Each of GSMMDP and JPM is required to post collateral if each of its credit ratings is below Aa3 or AA- or if it has any credit rating of less than A3 or A-.

Costs and Expenses

The costs and expenses incurred in connection with the DASNY IREAs were paid by DASNY and consisted of \$25,000 in legal fees and \$111,000 in swap advisory fees. The costs and expenses for the DASNY IREAs numbered D3 and D4 were aggregated with the costs and expenses associated with IREAs D1 and D2, which were subsequently terminated and are not described in this Quarterly Report.

Description of Counterparties

GSMMDP is a limited partnership organized under the laws of the State of Delaware. It is a joint venture of The Goldman Sachs Group and Mitsui Sumitomo Insurance Co., Ltd. GSMMDP is rated Aa2/AA-. JPM is a national bank incorporated in the State of Delaware and is rated Aa2/A+. All ratings are as of September 30, 2020.

Risk Assessment

The counterparty risks associated with the DASNY IREAs are comparable to those of the City in connection with its IREAs. The termination risk involves the Counterparty's ability to terminate should the City's credit rating fall below Baa3/BBB-. The transactions involve the risk of a shortfall between the variable rate paid on the underlying bonds and the variable rate received in connection with the IREAs. The tax risk and potential discontinuation of LIBOR risk associated with the DASNY IREAs are comparable to those of the City in connection with its IREAs. The steps taken by DASNY to reduce or mitigate risks on the DASNY IREAs are comparable to those taken by the City in connection with its IREAs.

See Exhibit B for a matrix showing how changes in market conditions would affect DASNY's exposure in connection with the DASNY IREAs.

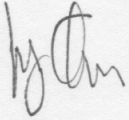

C. New York City Industrial Development Agency as Counterparty:

The IREAs that were entered into with the New York City Industrial Development Agency have terminated and are described in Exhibit C hereto.

This report reflects information in connection with IREAs through September 30, 2020.

A copy of the City's Interest Rate Exchange Agreement Policy (the "Policy") adopted by the Mayor and Comptroller of the City was provided to you with the quarterly report dated January 14, 2003. The Policy was amended for the first time on June 26, 2013. The Policy, as amended, was provided to you with the quarterly report dated July 15, 2013.

Yours truly,

F. Jay Olson
Assistant Director
New York City Office of
Management and Budget

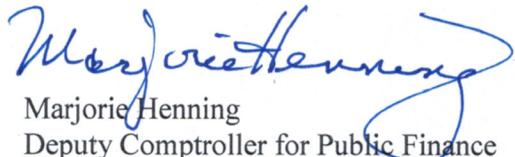

Marjorie Henning
Deputy Comptroller for Public Finance
New York City Comptroller's Office

Marked to Market Value as of 9/30/2020 (shown as negative number if the DASNY would owe payment)	Terminated 9/27/11	Terminated 9/27/11	(\$30,714,216.65)	(\$17,062,572.59)

* DASNY swaps were executed under Section 2926 of the Public Authorities Law of the State of New York

City of New York Value at Risk Termination Matrix

Swap 5 (U.S. Bank)			
Rate Change from Value Date 9/30/20	Valuation Net of Accruals 9/30/2020	Accruals (1) 9/30/2020	Mid-Market Valuation 9/30/2020
0.00%	(\$6,792,412)	(\$354,290)	(\$7,146,702)
0.25%	(\$6,434,128)	(\$354,290)	(\$6,788,418)
0.50%	(\$6,080,048)	(\$354,290)	(\$6,434,338)
0.75%	(\$5,730,105)	(\$354,290)	(\$6,084,395)
-0.25%	(\$7,154,967)	(\$354,290)	(\$7,509,256)
-0.50%	(\$7,521,861)	(\$354,290)	(\$7,876,151)

(1) Accruals represent \$359,440.54 of fixed rate accruals since last Fixed Rate Payer Date less \$5,150.62 of variable rate accruals since last Floating Rate Payer Date.

(2) The swap was novated to U.S. Bank from UBS on 10/5/2016.

Swap 8 (Wells Fargo)			
Rate Change from Value Date 9/30/20	Valuation Net of Accruals 9/30/2020	Accruals (1) 9/30/2020	Mid-Market Valuation 9/30/2020
0.00%	(\$69,398,027)	(\$1,823,587)	(\$71,221,614)
0.25%	(\$63,637,458)	(\$1,823,587)	(\$65,461,045)
0.50%	(\$57,961,831)	(\$1,823,587)	(\$59,785,418)
0.75%	(\$52,369,242)	(\$1,823,587)	(\$54,192,830)
-0.25%	(\$75,272,492)	(\$1,823,587)	(\$77,096,079)
-0.50%	(\$81,181,858)	(\$1,823,587)	(\$83,005,445)

(1) Accruals represent \$1,852,083.33 of fixed rate accruals since last Fixed Rate Payer Date less \$28,496.31 of variable rate accruals since last Floating Rate Payer Date.

Swap 5 (U.S. Bank)	
Swap Cashflows Since Swap Inception	
Total Variable Cashflows Accrued/Received by City	\$20,590,781.86
Total Fixed Accrued/Paid Outflows of City	(\$69,167,563.03)
Net Cashflows	(\$48,576,781.17)

*City received an upfront cash payment of \$7,467,000 and a novation payment of \$75,000 which is not included above.

Swap 8 (Wells Fargo)	
Swap Cashflows Since Swap Inception	
Total Variable Cashflows Accrued/Received by City	\$57,156,764.39
Total Fixed Accrued/Paid Outflows of City	(\$178,884,591.66)
Net Cashflows	(\$121,727,827.27)

City of New York Value at Risk Termination Matrix

Swap D-3 (Goldman Sachs)			
Rate Change from Value Date 9/30/20	Valuation Net of Accruals 9/30/2020	Accruals (1) 9/30/2020	Mid-Market Valuation 9/30/2020
0.00%	(\$29,798,086)	(\$916,130)	(\$30,714,217)
0.25%	(\$27,345,059)	(\$916,130)	(\$28,261,189)
0.50%	(\$24,982,800)	(\$916,130)	(\$25,898,931)
0.75%	(\$22,707,510)	(\$916,130)	(\$23,623,641)
-0.25%	(\$32,345,863)	(\$916,130)	(\$33,261,994)
-0.50%	(\$34,992,563)	(\$916,130)	(\$35,908,694)

(1) Accruals represent \$919,554.78 of fixed rate accruals since last Fixed Rate Payer Date less \$3,424.36 of variable rate accruals since last Floating Rate Payer Date.

Swap D-3 (Goldman Sachs)	
Swap Cashflows Since Swap Inception	
Total Variable Cashflows Accrued/Received by DASNY	\$11,988,623.20
Total Fixed Accrued/Paid Outflows of DASNY	(\$37,228,455.26)
Net Cashflows	(\$25,239,832.06)

Swap D-4 (JPMorgan Chase)			
Rate Change from Value Date 9/30/20	Valuation Net of Accruals 9/30/2020	Accruals (1) 9/30/2020	Mid-Market Valuation 9/30/2020
0.00%	(\$16,553,636)	(\$508,936)	(\$17,062,573)
0.25%	(\$15,190,915)	(\$508,936)	(\$15,699,851)
0.50%	(\$13,878,618)	(\$508,936)	(\$14,387,554)
0.75%	(\$12,614,634)	(\$508,936)	(\$13,123,570)
-0.25%	(\$17,968,994)	(\$508,936)	(\$18,477,930)
-0.50%	(\$19,439,305)	(\$508,936)	(\$19,948,241)

(1) Accruals represent \$510,838.44 of fixed rate accruals since last Fixed Rate Payer Date less \$1,902.33 of variable rate accruals since last Floating Rate Payer Date.

Swap D-4 (JP Morgan Chase)	
Swap Cashflows Since Swap Inception	
Total Variable Cashflows Accrued/Received by DASNY	\$6,776,988.35
Total Fixed Accrued/Paid Outflows of DASNY	(\$20,681,449.96)
Net Cashflows	(\$13,904,461.61)

Global Swap Assumptions

- 1) Swap Values evaluated using market data as of September 30, 2020
- 2) Change from Value Date represents parallel curve shifts from the base rate curve as of September 30, 2020
- 3) Valuation Net of Accrual represents swap mid-market valuation at the respective interest rates levels net of accruals on September 30, 2020
- 4) Accruals represent (payments)/receipts accrued by the City at September 30, 2020 under the swap agreements. Accruals calculated as City's accrued receipts less accrued payments.
- 5) Mid-market valuations are indicative only and subject to change with varying market conditions.
- 6) Accrual information calculated and provided by City.
- 7) Swaps D-3 and D-4 are swaps executed by DASNY. The City is obligated, subject to lease appropriation, to make lease payments to DASNY.

Exhibit C: Summary of Terminated Swaps

Terminated Swaps with NYC as Counterparty
