### Critical Date

- **July 19, 2024**– Return Designated Fund Certification and Representation

### Designated Fund Accounts

The Comptroller’s **Directive #27, *Requesting, Controlling, and Monitoring Designated Funds***, is a Directive on the overall accountability, control, and reporting requirements of designated funds (formerly referred to as Trust and Agency Accounts and/or Fiduciary Accounts). The Government Accounting Standards Board (GASB), the organization responsible for promulgating generally accepted accounting principles (GAAP) for governments, through its issuance of Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, and Statement No. 84, Fiduciary Activities, further defines the criteria that must be met to ensure accuracy and consistency in financial reporting with respect to the identification of fiduciary activities.

**Directive #27** requires all agencies to submit an annual certification for each individual account providing that the internal controls of the account have been evaluated on the basis of the Financial Integrity Statement checklist provided in the Comptroller’s Directive #1. This certification will also be used to verify the accounts status, balances, and additional annual reporting criteria.

The certification, Appendix C – “Annual Designated Fund Certification and Representation” must be signed by the Agency Head (or authorized designee) as required by Directive #27, no later than July 19, 2024). This includes accounts with zero balances.

If your Agency determines that a Designated Fund account (Restricted or Fiduciary) is no longer necessary and the account is no longer legally required, please follow the procedures for reporting inactive accounts as outlined in Directive #27, Section 6.2.
