## 2. COMPTROLLER'S OFFICE RESPONSE TO QUESTIONS.

The following is a list of questions submitted via email to [opportunity@comptroller.nyc.gov](mailto:opportunity@comptroller.nyc.gov)

Question	Answer
1. Can you please clarify whether the 10MB size restriction noted in Addendum 3 (below) is for each individual file, or all four files required to be below 10MB in total?	<p>Proposers should make every effort to fit all files into one email.</p> <p>However, the office will accept multiple emails if all four files exceed the 10MB limit. Each email must be clearly labeled with the vendor name, document name and state that it is a multiple email submission for one proposal.</p>
2. Would the Comptroller accept multiple emails as part of the submission to stay below the file size limit? I.e., submitting technical proposal in one email, then following up with another email for the other three attachments, etc.	Yes, please see response above.
3. Would the Comptroller be open to an additional separate attachment being provided for items like key personnel resumes to stay below the file size limit? We can create references to said separate attachment as part of the main technical proposal.	No, attachments to the technical proposal must be included in one document.
