BUREAU OF ACCOUNTANCY

June 9, 2016

TO: All Agency Heads/Fiscal Officers

FROM: Michele Mark Levine

SUBJECT: Fiscal Year End Closing Instructions for June 30, 2016

Once again it is that time of the year when we need to start planning for the fiscal year end Comprehensive Annual Financial Report (CAFR) preparation and audit. First, I would like to extend my sincere appreciation to all of you whose hard work enabled us to produce The City of New York's Fiscal Year 2015 Comprehensive Annual Financial Report (CAFR) on time and in accordance with our traditional high standard for fiscal accountability and transparency. Thanks to your diligence, for the 36th consecutive year, The City of New York was awarded the prestigious Certificate of Achievement for Excellence in Financial Reporting by the Government Finance Officers Association (GFOA). The Certificate signifies that the City's financial reporting meets the highest standards of governmental financial reporting.

Attached are the Fiscal Year End Closing Instructions for the year ending June 30, 2016. Please distribute these instructions to all of the responsible members of your staff and ask that they promptly familiarize themselves with the contents. (Please note that the instructions are also available on the Comptroller's Website: <http://comptroller.nyc.gov/general-information/fiscal-year-end-closing-instructions>).

On March 18, 2016 the Bureau of Accountancy (BOA) requested that you submit the Annual Agency Assignment Schedule, which includes the names, titles, and contact information for the individuals in your Agency responsible for completing each of the assignments. It is critically important that all required information be kept current, so please be certain that this office has received a completed form and that we receive any necessary updates timely. In addition, all appropriate staff members in your Agency need to be available to answer questions from BOA and the independent auditors regarding the Agencies transactions and submissions. Please take these needs into consideration when approving vacations and other absences so that we can be certain of the availability of all key personnel during the close and audit period.

Thank you in advance for your Agencies attention and efforts in support of this critical effort.

1. Cash in Agency Bank Accounts

The City is required to record the cash in Agency bank accounts on its financial statements. To accomplish this, we have prepared from our records a year-end report of your Agency’s active bank accounts for you to complete (Active Bank Accounts Report). This report will be distributed to each Agency via email on July 1, 2016.

Under the Book Balance caption, enter the June 30, 2016 book balance (not bank balance) for each account.

For Expense Demand accounts the June 30, 2016 book balance should represent charges to expense codes not exhausted by the end of the fiscal year. For such accounts, it is imperative that the Agency submit a J2I document in FMS to facilitate crediting Fiscal Year 2016 for those unspent funds; make sure to use the correct budget and detail object codes to ensure that the proper credit to Fiscal Year 2016 is posted for those unspent funds.

If the information we have provided is incomplete or incorrect, please correct or update it by making the appropriate notation. If there are new or existing accounts that are not listed on our report, please add them to the listing; explain the purpose and source of the funds. Please indicate the date when the account was opened, and attach a copy of the letter requesting the opening of the account.

If a listed account has been closed, mark it “account closed,” and indicate the date when it was closed. Attach a copy of the final bank reconciliation, bank statement reflecting the zero balance in the account and letter to the bank requesting the closing of the account.

Continued receipt of bank statements showing zero balances for accounts that are considered closed, indicates that the accounts have not been closed by the bank. A request must be sent to the Department of Finance to close these accounts. Requests to close a bank account or to open a new bank account must be submitted to the Department of Finance, Bureau of Treasury, Division of Banking Operations, 12th Floor, 66 John Street, New York, N.Y. 10038.

Return the completed report with the June bank reconciliations to the Bureau of Accountancy, Bank Reconciliation Division to the attention of Ms. Marina Verba via email at agencybankaccount@comptroller.nyc.gov by July 29, 2016.

2. **Bank Statements/Reconciliations**

Bank reconciliations must be prepared on a monthly basis for all Agency bank accounts. Bank reconciliations (including reconciliations for the Imprest Fund and the Citywide Payments and Receivables Program and Services accounts) for the month June 2016 should be submitted via email to agencybankaccount@comptroller.nyc.gov by July 29, 2016 to the attention of Ms. Marina Verba. In cases where bank reconciliations contain outstanding checks as of June 30, 2016, reconciliations for the month of July 2016 should be submitted by August 26, 2016. If any check is still outstanding, submission of bank reconciliations for subsequent months are expected to be sent in, until all the outstanding checks as of June 30, 2016 have cleared the bank.

All copies of bank statements and reconciliations **must be legible** especially the name of the bank, the account number, and the book balance as of June 30, 2016. The name and telephone number of the preparer must appear on the bank reconciliation or Active Bank Account Report. Once the reconciliation has been reviewed by the Supervisor, **it is important to remember that the Supervisor must sign the completed reconciliation to indicate that the document was reviewed.**

If your Agency bank statements are not normally prepared by the bank as of the end of the month, request a June 30, 2016 cutoff bank statement from the bank in advance.

In addition to reconciling monthly to internal records, Agencies with Pool and Satellite Bank Accounts must also reconcile to the Central Pool Worksheet Balances Computerized Report of the Department of Finance, Bureau of Treasury.

Bank reconciliations, which are revised after the initial submission, **must be immediately** forwarded to the Bank Reconciliation Division. **Upon submission, please indicate that it is the revised bank reconciliation and ensure that the Supervisor's signature is on the resubmitted reconciliation.**

3. **Investments**

The City is required to record outstanding investments as of June 30, 2016 on its financial statements. Therefore, all monies transferred, disbursed or otherwise withdrawn from Agency bank accounts for investment purposes (certificates of deposit, insured money market accounts, etc.) which were outstanding as of June 30, 2016 must be reported to our office for each investment.

The following information must be provided via email in Excel format by July 29, 2016.

- Description of Investment

Complete a separate form for each new bank account, and return the form along with the 2016 bank reconciliation package to the attention of Ms. Marina Verba at the Bank Reconciliation Division via email to agencybankaccount@comptroller.nyc.gov. The form can be downloaded from the Comptroller's Website. A sample of the form is included at the end of this section.

In addition, the revised "Agency Bank Account Information" form must be submitted for all Interest-Bearing Accounts in existence, regardless of when the accounts were opened.

6. Interest-Bearing Accounts

All City Agencies holding City monies in Interest-Bearing Accounts are responsible for remitting the interest earned during the fiscal year to the City Treasury. The interest earned should be posted to "Fund 001 Agency 015 Budget Code 1001 Revenue Source 56001" on the CRE (Cash Receipt) related to your City Treasury deposit. Once the CRE is created contact your Agency's Revenue Monitor for approval. Be sure to attach supporting documentation to the CRE.

Please have the breakdown of all such remissions (clearly stated as attachment) on the June bank reconciliation, and submit it to Ms. Marina Verba at the Bank Reconciliation Division.

1. Cash Basis Revenue

Revenues identified as cash basis in FMS Accounting are BOTH recognized and realized when a CRE is processed in FMS Accounting.

Examples include license or permit fees, privileges, fines, taxes, etc.

Cash basis revenue must be received and **deposited into the bank by June 30, 2016** to be included in the CAFR as Fiscal Year 2016 revenue.

For such receipts received by June 30, 2016 but deposited between July 1, 2016 through July 15, 2016, a **J2D document must be prepared** to move cash revenue recognition from Fiscal Year 2017 to Fiscal Year 2016. Deposit tickets and bank receipts must be attached to the J2D document as supporting documentation. The Comptroller’s Office will not approve J2D documents that do not have supporting documentation attached to them.

NOTES:

- A J2D should be prepared only for those FMS Accounting revenue items flagged as “Cash Basis” and received in Fiscal Year 2016 (on or before June 30, 2016), but deposited in Fiscal Year 2017 (after June 30, 2016). **All cash receipts should bear the date of the bank deposit and not the date cash was received by the Agency.**
- The J2D cash transfer document does not apply to Accrual Basis Revenues. Only General Fund Revenue Sources with Revenue Type as “001” in FMS Accounting RSRC table can be used on a J2D Document.
- Agencies without FMS Accounting access can request assistance by calling Sabrina Chow (212) 669-7440 or emailing her at revenue@comptroller.nyc.gov.

NOTE:

During the months of July through October when two fiscal years are open, please avoid processing revenue realizations in the current year (FY 2017) for prior year (FY 2016) receivables. Month 13 will be open during this timeframe and should be used when processing these types of transactions.

2. **Grant Revenue** (funded by Federal, State and private sources) – should be recognized in the budget fiscal year (BFY) where reimbursable expenditures occurred. Receipt of cash is never the basis of recognition for grant revenue.

REs (Billed Revenue Invoices) should be entered in FMS Accounting **when the grantor is billed** to recognize revenue and establish a receivable.

UREs (Accruals of Unbilled Revenue) should be entered in FMS Accounting during year-end month 13 to recognize revenue earned via reimbursable expenses occurring by 6/30/16 but **not yet billed to the grantor**.

Open receivables remain in FMS Accounting for each RE and or URE not referenced by the next step in the revenue chain. URE → RE → CRE

AGENCIES MUST FOLLOW UP ON OPEN BILLED AND UNBILLED RECEIVABLES, KEEPING THE OFFICE OF THE COMPTROLLER INFORMED OF THESE ACTIONS THROUGH STATUS REPORTS.

Procedures and Documentation

▪ **Advice of Revenue Invoice (RE)**

This document is used to recognize revenue in FMS Accounting and to notify the Office of the Comptroller a claim has been filed with the grantor (**Do not wait until the funds are received**). REs should always bear the same date as the underlying claims. REs for Fiscal Year 2016 should be entered into FMS Accounting no later than August 29, 2016. Include Agency contact name and phone number in the Document Description field. Attach supporting documentation to the RE document, i.e. invoice, claim number, etc.

▪ **Year End Accrual of Unbilled Revenue (URE)**

All UREs must be entered by September 16, 2016.

After August 29, 2016, Agencies must enter a URE for their estimate of unbilled revenue for Fiscal Year 2016. Use the URE extended description field on the accounting line to explain how the estimate was calculated. Include Agency contact name and phone number in the Document Description field. Attach supporting documentation to the URE document.

Supporting documentation for unbilled Reimbursable Grant revenue must consist of either a schedule identifying the Agency and budget code where the expenditures were incurred or a schedule identifying the FMS Accounting documents which established the accrued expenses.

Supporting documentation for unbilled Fee for Service Grants revenue must consist of a schedule identifying the number of unbilled units of reimbursable services rendered multiplied by the reimbursement rate per unit. This schedule must be signed by the preparer and include the preparer's telephone number and E-mail address.

To facilitate the review of revenue realization requests the Revenue Monitoring Unit has developed a template for requests which encompass multiple CRE or RE documents and multiple lines. A copy of the template can be found on page XX and can be downloaded from the Comptroller's website. Any questions, please contact your revenue monitor.

▪ **Cash Receipts (CRE's)**

All CRE's for treasury account deposits brought to the bank June 30, 2016 or earlier should be entered in FMS Accounting by July 8, 2016.

Please remember to enter the Record Date (using the actual date stamped on the deposit slip by the bank); enter the FY and BFY as 2016 with period 12 on the Header to avoid possible misposting. Remember to attach the deposit ticket and bank receipt to the cash receipt as supporting documentation.

After July 8, 2016 Agencies must contact Revenue Staff at the Comptroller's Office to receive credit for June deposits not entered in FMS Accounting by July 8th (see pages 27-29 for the Revenue Contact List). **ALWAYS USE THE DATE STAMPED BY THE BANK AS THE DATE OF DEPOSIT IN THE "RECORD DATE" FIELD ON CRE's** when entering the Record Date.

To provide a sufficient audit trail for General Fund grant revenue, please:

- **Attach supporting documentation to the FMS documents.**
- Keep copies of supporting documentation on file at a central office rather than at different locations within the Agency.
- Prepare a schedule for reimbursable grant expenditures, including budget and object codes where the expenditure was charged, and FMS Accounting identification numbers of the supporting reimbursable expense documents.
- For "Fee For Service" grants, maintain documentation supporting the calculations of claimable amounts
- For "Expenditure Driven" grants, maintain overhead and fringe benefit calculations where claimed.

The Comptroller's Office staff will be verifying compliance with these procedures. The City's entire receivable effort relies upon the care taken in the preparation of these forms. Responsible personnel should make an extra effort to be certain the data is correct before entering or approving receivables in FMS Accounting. Agencies are responsible for approving all revenue documents in the FMS Agency Level 3 worklist. If agencies do not have the ability to approve their own documents, they must request approval from their revenue monitor. Agencies must frequently review their revenue documents in the Agency Level 3 worklist to ensure all of their documents have been approved.

Agency Sign-Off and Reconciliation of Fiscal Year 2016 General Fund Revenue

The FMS Accounting REVSMA-001, REVPYA-001 and AGOADV-001 reports should be used to facilitate the final review of your Agency's Fiscal Year 2016 revenue, receivable and advance totals. The accompanying certification statement must be signed by the Agency fiscal officer indicating agreement with the report numbers and returned to your Agency Revenue Monitor (see pages 27-29) by September 16, 2016. Any adjustments should be submitted along with the signed certification statement.

The Comptroller's Office must receive your Month 12 REVSMA-001 reconciliation and REVPYA-001 status reports by July 29, 2016. The Fiscal Year 2016 month 12 closes July 9; the FMS Accounting reports should be available by July 11th, allowing approximately three weeks to prepare your submission.

The Comptroller's Office must receive your Month 13 REVSMA-001 reconciliation and REVPYA-001 status reports by September 16, 2016. The last day to enter month 13 transactions for Fiscal Year 2016 is September 16, 2016. The FMS Accounting REVSMA-001 and REVPYA-001 reports through Month 13 and an accompanying certification letter will be emailed to the agencies on September 2, 2016 from the Revenue Monitoring Unit allowing just two weeks for preparing your submission.

NOTE:

Open grant receivables and unapplied deferred revenue remains an ongoing issue due to lags in applying cash to open receivable documents. Every effort should be made to apply deferred revenue during the year-end closing process. **Open receivables or deferred revenue not explained in the status reports will be moved to Fiscal Year 2016 miscellaneous revenue.** The year-end status report should include explanations for any deferred revenue aged over sixty days.

Critical Date

- **June 13, 2016** – Distribution of REVPYA-001 report
- **June 24, 2016**- Submit Receivable Status Report
- **July 8, 2016** – Last date to enter June month 12 CREs into FMS Accounting (deposit date of 6/30/16 or earlier)
- **August 29, 2016** – Last date to enter Fiscal Year 2016 REs into FMS Accounting for Capital Fund billed Receivables that were not booked during the fiscal year at the point when the expenditure was incurred
- **September 16, 2016** – Last date to enter Fiscal Year 2016 UREs into FMS Accounting for Capital Fund Unbilled Receivables that were not booked during the fiscal year at the point when the expenditure was incurred

Grant Revenue (funded by Federal, State and private sources) – should be recognized in the budget fiscal year (BFY) where reimbursable expenditures occurred. Receipt of cash is never the basis of recognition for grant revenue.

REs (Billed Revenue Invoices) should be entered in FMS Accounting for the **Capital Fund at the point when the Capital expenditure has been incurred, if the claim for reimbursement has been immediately submitted to the grantor to recognize revenue and establish a receivable.**

UREs (Accruals of Unbilled Revenue) should be entered in FMS Accounting for the **Capital Fund during the fiscal year as the Capital expenditure is incurred if the reimbursement has not yet been claimed** to recognize revenue earned via reimbursable expenditures occurring by 6/30/16 but **not yet billed to the grantor**. Any Capital Fund URE that has not been booked by period 12 for Capital expenditures incurred throughout the fiscal year must be booked in period 13 by September 16, 2016.

Open receivables remain in FMS Accounting for each RE and or URE not referenced by the next step in the revenue chain. URE → RE → CRE

AGENCIES MUST FOLLOW UP ON OPEN BILLED AND UNBILLED RECEIVABLES, KEEPING THE OFFICE OF THE COMPTROLLER INFORMED OF THESE ACTIONS THROUGH STATUS REPORTS.

NOTE:

During the months of July through October when two fiscal years are open, please avoid processing revenue realizations in the current year (FY 2017) for prior year (FY 2016) receivables. Month 13 will be open during this timeframe and should be used when processing these types of transactions.

To facilitate the review of revenue realization requests the Revenue Monitoring Unit has developed a template for requests which encompass multiple CRE or RE documents and multiple lines. A copy of the template can be found on page 19 and can be downloaded from the Comptroller's website. Any questions, please contact your revenue monitor.

Procedures and Documentation (URE or RE)

When processing a URE or RE in FMS, remember to include Agency contact name and phone number in the Document Description field. Attach supporting documentation to the URE or RE document, i.e. invoice, claim number, communications with grantor, etc. Ensure that the URE or RE document is being created using the same budget structure i.e. unit of appropriation, budget code, reporting category, etc. as the related expenditure.

To ensure all Fiscal Year 2016 Capital Fund receivables are booked to match the related Capital Fund expenditures the Revenue Monitoring Unit will distribute the Capital Fund Expenditures and Revenue CFEXRV-001 report to assist with this process. The report will be distributed **July 29, 2016** and **August 22, 2016**. Agencies should review the report, determine what's collectable and book receivable documents (RE or URE depending on whether the grantor has been billed) for expenditures listed with no matching revenue booked. The report will be distributed once again on **September 12th** after the Capital Projects Expenditures Automated Accrual cycle has been completed to capture any accrued expenditures for which a matching receivable should be booked. All Capital Fund receivables must be booked by **September 16, 2016**.

▪ **Cash Receipts (CRE's)**

All CRE's for treasury account deposits brought to the bank June 30, 2016 or earlier should be entered in FMS Accounting by July 8, 2016.

Please remember to enter the Record Date (using the actual date stamped on the deposit slip by the bank); enter the FY and BFY as 2016 with period 12 on the Header to avoid possible misposting.

After July 8, 2016 agencies must contact Revenue Staff at the Comptroller's Office to receive credit for June deposits not entered in FMS Accounting by July 8th (see pages 27-29 for the Revenue Monitor Contact List). **ALWAYS USE THE DATE STAMPED BY THE BANK AS THE DATE OF DEPOSIT IN THE "RECORD DATE" FIELD ON CRE's when entering the Record Date.**

To provide a sufficient audit trail for Capital Fund grant revenue, please:

- **Attach supporting documentation to the FMS documents.**
- Keep copies of supporting documentation on file at a central office rather than at different locations within the Agency.
- Prepare a schedule for reimbursable grant expenditures, including budget and object codes, unit of appropriation and reporting categories where the expenditure was charged, and FMS Accounting identification numbers of the supporting reimbursable expense documents.

The Comptroller's Office staff will be verifying compliance with these procedures. The City's entire receivable effort relies upon the care taken in the preparation of these forms. Responsible personnel should make an extra effort to be certain the data is correct before entering or approving receivables in FMS Accounting. Agencies are responsible for approving all revenue documents in the FMS Agency Level 3 worklist. If agencies do not have the ability to approve their own documents, they must request approval from their revenue monitor. Agencies must frequently review their revenue documents in the Agency Level 3 worklist to ensure all of their documents have been approved.

Receivable Status Report for Fiscal Year 2016 Capital Fund Revenue

The Comptroller's Office will be distributing via email the **Month 13** REVPYA-001 report for the Capital Fund on September 2, 2016. The status of the receivables listed should be provided on the REVPYA-001 report itself in the column entitled Status. The **Month 13** Capital Fund REVPYA-001 reports must be submitted to the Comptroller's Office by **September 16, 2016**. The Capital Fund receivable status reports should be submitted via email to [your agency's revenue monitor. \(Contact information for your revenue monitors is located on pages 27-29\)](#)

NOTE:

Open grant receivables and unapplied deferred revenue remains an ongoing issue due to lags in applying cash to open invoice documents. Every effort should be made to apply deferred revenue during the year-end closing process.

Overview

Financial control, is one of the primary goals of FMS Accounting, includes the establishment of budgetary control over “Other Than Personal Services” (OTPS) expenditures, such as supplies, materials, equipment and services. The New York City Charter establishes the legal budgetary control at the Unit of Appropriation level. The total of pre-encumbrances (requisitions), encumbrances (purchase orders and contracts) and expenditures should not exceed an Agencies budget at the Unit of Appropriation level. FMS Accounting records commitments using requisitions to reserve funds prior to the issuance of encumbrances. Once an encumbrance has been entered in FMS Accounting, the requisition is cleared. When the Payment Request for encumbrance (PRN2 or PRC2) is accepted into FMS Accounting, the encumbrance is cleared by the payment request and a liability is recorded in FMS Accounting until it is liquidated by the issuance of a check by FMS Accounting.

Generally Accepted Accounting Principles (GAAP), promulgated by the Governmental Accounting Standards Board (GASB) requires that outstanding encumbrances at year-end not be recorded as expenditures. Therefore if the goods or services referenced by an encumbrance have not been received by June 30, 2016, the encumbrance must “Roll” to the following fiscal year, with no expenditure charged against Fiscal Year 2016. **PROPER RECORDING OF EACH AGENCIES EXPENDITURES IS CRITICAL TO THE ACCURATE REPORTING OF THE CITY’S FINANCIAL RESULTS OF OPERATIONS.**

The “Roll” of encumbrances will begin on July 9, 2016 and continue until August 13, 2016. There should be no interruption of payments to vendors since all encumbrances will be available for processing in the appropriate fiscal year. **All Fiscal Year 2016 open encumbrances that are under \$25.00 will be lapsed on August 20, 2016.**

1. Procedures

- Each Agency can access the FMS Accounting (AGOENC-002) report - Aged Open Agreements by Payee/Vendor in Info-Advantage on a monthly basis.
- Agencies should review this report each month and at year-end Agencies should determine if the open items should be reduced or carried forward to Fiscal Year 2017.
 - Items referencing goods or services received by June 30, 2016 should be left open. These open items will be automatically rolled over to Fiscal Year 2017 if a Payment Request is not prepared by August 19, 2016.
 - Items that have not been delivered by June 30, 2016, should be rolled and the expenditure will be charged to Fiscal Year 2017.
- Encumbrances must be established early enough in Fiscal Year 2016 to allow sufficient time for goods and services to be received by the June 30, 2016 cutoff date. Further, it is a violation of the City Charter, as well as the City's purchasing procedures, to place orders with a vendor prior to the acceptance of purchase orders or contracts into FMS Accounting.
- To minimize the amount of year-end work, Payment Requests should be promptly processed against contracts and purchase orders for goods received or services rendered prior to July 1, 2016. **Fiscal Year 2016 Payment Requests will be processed in FMS Accounting through July 8, 2016 by entering Accounting Period 12 in the accounting period field (from last week in June to July 8).** Agencies should make every effort to process Fiscal Year 2016 Payment Requests in FMS Accounting by July 5, 2016, to provide sufficient time to correct any errors. **After July 9, 2016, all Payment Requests processed should have a blank accounting period.** They will be charged against Fiscal Year 2017 and an automated accrual document will be automatically generated if they represent valid Fiscal Year 2016 charges (i.e., service period between July 1, 2015 and June 30, 2016).

2. Criteria for Fiscal Year 2016 Expenditures

- Goods and services received by June 30, 2016.
- Utilities and other services - for services received that span two fiscal years, **if the Payment Request is processed between July 1, 2016 and July 9, 2016 TWO Payment Requests should be entered into FMS Accounting, one indicating Fiscal Year 2016 charges (Month 12 entered in Accounting Period field) and one reflecting Fiscal Year 2017 charges (Accounting Period field left blank).** For those invoices that span two fiscal years and are accepted in FMS Accounting after July 8, 2016, FMS Accounting will pro-rate the expenditures into the appropriate fiscal year indicated by the Service From/To dates recorded in the service date tab on the Accounting Line of a PR document.
- Program Contracts – Fiscal Year 2016 accruals for program contracts should be established for only those expenditures incurred through June 30, 2016. A program contract is between an Agency and a contractor or vendor to administer programs that provide both social and other governmental services.
- Audits/Evaluation Contracts - Estimated expenditures against contracts for audits, evaluations of programs or program Agency may be charged to Fiscal Year 2016 as long as the period being audited/evaluated is for Fiscal Year 2016. Accruals falling under this category will be accepted, even though, the audit is to be done in Fiscal Year 2017.

- Leases - If an Agency remains in possession of the premises after the expiration of a lease and prior to the lease being renegotiated, rental expenditures for the period between the lease expiration and June 30, 2016 must be accrued.
- Postage - Expenditures for postage, including postal meters and stamps should only be charged to Fiscal Year 2016 if the expenditure applies to items purchased (stamps) or meter amounts increased by June 30, 2016. The purchase of stamps or the increasing of meter amounts on or after July 1, 2016, is a Fiscal Year 2017 expenditure.
- Expenditures for periods of service received through June 30, 2016, for which contract amendments are awaiting approval, represent valid Fiscal Year 2016 expenditures and should be accrued.

3. **"Roll" of Encumbrances (Refer to FISA Bulletin and Roll and Lapse Manual)**

- On July 1, 2016 FISA will load roll tables RLPSS (Roll/Lapse Summary Pre-Selection Table) with open encumbrance document header information and RLPSD (Roll/Lapse Detail Pre-Selection Table) with open encumbrance lines.
- On July 9, 2016 Agencies will be able to start to roll or lapse the Fiscal Year 2016 encumbrances. The FMS Accounting global setting will be set to "hold". If an Agency takes no action, then all encumbrances will remain "open".
- Agencies should select the document code (i.e. POC, PON1 etc...) they would like to have rolled using the OAOD table (Open Activity Options by Agency). This table should be updated before the first roll.
- To select specific documents and document lines to roll, Agencies should always use the RLPSS summary table to set the document to roll; and then update the RLPSD table to set up the details by line.
- On August 13, 2016, there will be another Roll. Criteria will be the same as July 9, 2016 above.
- On August 13, 2016 Agencies must identify which encumbrances should be lapsed. Otherwise, all encumbrances will be rolled because the FMS Accounting global setting will be set to "roll" from Fiscal Year 2016 to Fiscal Year 2017. Therefore, all open Fiscal Year 2016 encumbrances will be charged against the Fiscal Year 2017 budget. Encumbrances **less than \$25.00 cannot be rolled, so they will automatically be lapsed.**
- FISA will perform a final "Roll" of the open valid outstanding Fiscal Year 2016 encumbrance balances on August 20, 2016. Any encumbrances not rolled because of an error will be lapsed.
- After the "Roll" all Agencies should check Document Catalog to make sure that all documents that should have rolled did roll to Fiscal Year 2017. If there is a problem, call the FISA Call Center at (212) 857-1700. **On August 20th, all open encumbrances not rolled will be lapsed.**

NOTE:

The last date to charge Payment Requests directly to Fiscal Year 2016 will be July 8, 2016. For all Payment Requests processed through July 8, 2016 enter month 12 in the Accounting Period field.

4. Payment Request Processing in Fiscal Year 2016

- Payment Requests representing valid charges for Fiscal Year 2016 should be processed using FMS Accounting in the normal manner before accounting period 12 closes.
- **Payment Requests representing valid Fiscal Year 2016 charges and accepted in FMS Accounting after July 8, 2016 with the appropriate service dates will be charged to Fiscal Year 2017 until the ACCA/ACLA is automatically generated by FMS Accounting based upon the service dates entered on the Payment Request. The ACLA will reduce the expenditure in Fiscal Year 2017 and charge it back to Fiscal Year 2016.**

The criterion for transferring a Fiscal Year 2017 charge to Fiscal Year 2016 is that goods and/or services were received no later than June 30, 2016.

5. Accrued Expense (Refer to Automated Accrual and Clearing Manual located on the FISA Training Portal)

- **Payment Request items**

For Payment Requests accepted into FMS Accounting from July 11, 2016 to August 19, 2016, with service dates between July 1, 2015 thru June 30, 2016, ACCA/ACLA will be automatically generated by FMS Accounting to transfer these charges back to Fiscal Year 2016. The ACCA is generated when the payment request is Final and the ACLA is generated when payment is disbursed.

The Agency should review the ACRI table or Document Catalog (using the PR document id and doing a Forward Reference to view ACCA/ACLA) to verify the validity of the automatically generated ACCA and ACLA documents and should have all documentation available for review by the Accrued Expenditures Unit to substantiate the Fiscal Year 2016 charges. The review of ACCA and ACLA documents will begin on July 11, 2016 by the Comptroller's Office, Bureau of Accountancy, Accrued Expenditures Unit.

If Payment Requests are accepted into FMS Accounting from July 11, 2016 through August 19, 2016, and ACCA and ACLA documents are **not automatically** generated due to a key punch error on the service period From/To Dates, but the expenditures are for goods or services received no later than June 30, 2016, the Agency **should include these items in the Manual Accrual (ACC) set up and clear the FY 2016 charges beginning November 1, 2016**. All supporting documentation pertaining to these transactions should be available to substantiate the Fiscal Year 2016 charges.

Automated generation of multi-year accrual documents will automatically prorate prior year expense whenever a Payment Request has service periods (From/To dates) that span two fiscal years. **Service periods prior to July 1, 2015 will not have an automated ACCA document generated. These should be cleared against prior year accruals in November.**

▪ **Items not Processed using a Payment Request**

Manual accrual documents (ACC) must be prepared for those items received and/or services performed prior to July 1, 2016 for which no payment request has been accepted into FMS Accounting by August 19, 2016. The manual accrual documents with a prefix of 'OTPS16' should be manually entered into FMS Accounting to establish the accrued expenditure for Fiscal Year 2016.

	NOTE: Agencies should not submit manual accrual documents for items that were already transferred to Fiscal Year 2016 via automated accrual and clearing documents.
---	--

Submission of the Manual Accrual Package

- Manual Accrual documents are to be entered into FMS Accounting beginning August 22, 2016.
- The final date to enter manual accruals is September 2, 2016.
- The schedule of Accrued Expenditures should be submitted to the Accrued Expenditures Unit via email to the AccruedExpenditures@comptroller.nyc.gov mailbox for review no later than September 2, 2016.

▪ **Documentation required for supporting Fiscal Year 2016 expenditures**

- 1) For goods:
 - ⇒ Vendor invoices
 - ⇒ Proof of delivery dated June 30, 2016 or prior
- 2) For services:
 - ⇒ Vendor invoices
 - ⇒ Signed agency certifications that the services were performed by June 30, 2016
- 3) Program contracts:
 - ⇒ Claims or bills showing expenditures incurred through June 30, 2016, payments or advances applied to these expenditures should be reflected
- 4) Leases:
 - ⇒ Rent bills showing the amount of expenditures incurred through June 30, 2016
- 5) Retainage:
 - ⇒ If retainage withheld has not been entered in FMS Accounting, submit computation as to how the retainage amount was determined (usually shown as a deduction from the vendor's invoice)

i.e.:	Vendor's Invoice	\$10,000
	- 1% retainage	\$100

- ⇒ Date the retainage amount will be paid
- ⇒ Explanation why the Agency is not using FMS Accounting to withhold retainage

NOTE:

Retainage functionality is available in FMS Accounting for both General and Capital Funds.

- **Adjustments and Clearings of manual accruals**

When an Agency submits a manual accrual document (ACC) to accrue expenditures for Fiscal Year 2016, a subsequent manual clearing document (ACL) must be submitted to the Comptroller's Office, Bureau of Accountancy, Accrued Expenditures Unit when a partial or full payment is made in Fiscal Year 2017 for the Fiscal Year 2016 accrued expenditure. The processing of the accrual clearing document will decrease the expenditure in Fiscal Year 2017 and reduce the open accrual in Fiscal Year 2016.

- **At no time** should the total amount to be cleared for a particular Agency code unit appropriation - budget code - detail object code structure exceed the accrual originally established on the manual accrual document (ACC).
- All manual clearing documents (ACL) will be reviewed with the appropriate supporting documentation (see note below).

On November 1, 2016, Agencies should begin submitting the Payment Request Listing (See example of the Payment Request listing on Page 39) to the Accrued Expenditures Unit in Excel format via email to the AccruedExpenditures@comptroller.nyc.gov mailbox. A statistical sample of payment requests will be selected for review. The supporting documentation for the selected payment requests should be uploaded in PDF format to the Comptroller's File Transfer Portal (FTP). For more information regarding FTP contact the Accrued Expenditures Unit at the email address provided above.

- The FY 2017 ACL document ID's should end with the letter "H".

NOTE:

The PDF of the supporting documentation must contain scanned images of the original documents in order to be considered acceptable. The use of color scanner machines is preferred, but not required, as it makes the determination of whether or not the scan is of an original document easier. Please remember that files remain on FTP for only 14 consecutive days to conserve space, so it is imperative that you inform the Accrued Expenditures Unit as soon as you have uploaded your files to FTP.

Original documentation must be retained on file and available for review upon request;

6. Reimbursable Expenditures

Agencies must ensure that a revenue receivable has been entered in FMS Accounting for every expenditure, actual or accrued which generates reimbursable revenues from a grantor. Further, Agencies making any adjustment (increase and/or decrease) for a reimbursable expenditure must also make a corresponding adjustment for the revenue receivable. **(See Section C.)**

- **August 19, 2016** – End of Automated Accruals & Clearings (ACCA/ACLA) generated in FMS Accounting
- **August 22 – September 2, 2016** – Start set up of Manual Accrual document (ACC) in FMS Accounting and review of Manual Accruals for Fiscal Year 2016

NOTE: The Critical dates for the DEP Year-End PS accruals have been issued under separate cover.

Regular gross salary paid in July, but covering periods wholly or partially in Fiscal Year 2016 and partially in Fiscal Year 2017 will be automatically charged to the correct fiscal year. The Payroll Management System (PMS) calculates the number of days in each fiscal year using the pay period end dates in FISA’s Pay Cycle Reference Table and prorates the amounts accordingly.

Management separation payments should be recognized as liabilities when the payments become due. For example, a managerial employee retires on June 30, 2016 and is entitled to receive a separation payment of \$30,000. The \$30,000 should be recognized and accrued in Fiscal Year 2016. For non-managerial employees, since they remain on the payroll, the liabilities and expenditures should be recorded in the posting months of the pay period end dates because that is when the payments become due.

Additional compensation earned by employees for services rendered in Fiscal Year 2016 but paid during July and August will also be accrued and automatically charged to Fiscal Year 2016 by entering the applicable “effective date” no later than June 30, 2016 in PMS. This automatic accrual feature will be available through August 19, in FMS Accounting.

For Fiscal Year 2016 earnings to be paid after August 19, 2016, through the last payroll date in August of August 31, 2016, i.e., overtime, shift differential, etc., a Manual Accrual document (ACC) with a prefix of ‘**PS16**’ must be entered into FMS Accounting during the period of August 22, 2016 to September 2, 2016 to establish the Fiscal Year 2016 accrual.

The Manual ACC document should be entered into FMS Accounting and the spreadsheet detailing the following should be sent to the Comptroller’s Office in Excel format via email to AccruedExpenditures@comptroller.nyc.gov.

- Explanation of the accrued payroll amount.
- What employees or titles and number of employees within a title, will be paid, plus a mathematical computation as to how the payroll accrual amount was calculated.
- The name and telephone number of the individual responsible for maintaining this information.

This information should be submitted to the Accrued Expenditures Unit no later than September 2, 2016.

When payments are actually made for items accrued on the ACC document, a clearing document should be prepared to clear the Fiscal Year 2016 payroll accrual and credit (decrease) the Fiscal Year 2017 PS codes that were originally charged. Agencies should begin submitting accrual clearing documents (ACL) spreadsheets to the Accrued Expenditures Unit via email to the AccruedExpenditures@comptroller.nyc.gov mailbox on November 2, 2016.

All Payment Requests (i.e. PRM1's) processed after July 8, 2016 will be charged to Fiscal Year 2017. Agencies should make every effort to process Fiscal Year 2016 Payment Requests by July 6, 2016, to provide sufficient time to correct errors. **Payment Requests representing valid charges against Fiscal Year 2016, which were accepted through July 8, 2016, must have Accounting Period 12 to be charged directly to Fiscal Year 2016.**

Payment Requests processed and accepted into FMS Accounting from July 9, 2016 through August 19, 2016, with service periods between July 1, 2015 and June 30, 2016, will have an ACCA and ACLA automatically generated by FMS Accounting to transfer these charges back to Fiscal Year 2016.

Agencies should review the validity of the automatically generated ACCA and ACLA and should have all documentation available for review in order to transfer the charges back to Fiscal Year 2016. The review of the Automated Accruals and Clearings will begin on July 11, 2016 by the Comptroller's Office, Bureau of Accountancy, Accrued Expenditures Unit.

Beginning August 22, 2016 Manual Accruals Documents (ACC) with a prefix '**OTPSM16**' should be entered into FMS Accounting for those Fiscal Year 2016 expenditures, which have not been processed by the August 19, 2016 cutoff date. **The final date for submission of an ACC accrual document is September 2, 2016.** Agencies should begin submitting the payment request listing to the Accrued Expenditures Unit in Excel format via email to the AccruedExpenditures@comptroller.nyc.gov mailbox on November 1, 2016.

A. OVERVIEW

Introduction

The Single Audit Amendments Act (Public Law 104-56) was enacted into law in July 1996 and replaced the Single Audit Act of 1994. The Amendment established a law to streamline and improve the effectiveness of audits of Federal awards for state and local governments and not-for-profit organizations. To implement the requirements of the Single Audit Amendment Act of 1996, the Federal Office of Management and Budget (OMB) issued Circular A-133 “Audits of States and Local Governments and Non-Profit Organizations”.

In late 2013, the Office of Management and Budget (OMB) released new guidance on *Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, also known as the “Super Circular.”* The new Guidance supersedes and streamlines requirements contained in previously issued OMB Circulars including the A-133, by consolidating the requirements into one uniform guidance.

What is the Single Audit?

The Single Audit comprises the audit of a non-federal entity’s activities and programs which expend federal awards during a fiscal year. The Single Audit is based on Federal guidelines as established in the recently implemented Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards issued by the US Office of Management and Budget on December 26, 2013. A Single Audit is conducted by independent auditors.

The City of New York Single Audit

The New York City Single Audit includes an examination of the financial records, internal controls and compliance with Federal laws and regulations for both the Federal programs and the City as a whole.

Focus of the Audit of the City’s Financial Statements

The audit of the City’s financial statements is designed to determine whether the statements are *fairly presented in all material respects; and whether the presentation is in accordance with Generally Accepted Accounting Principles (GAAP).*

Focus of the Audit of the City’s Federal Awards

The objective of the audit of Federal awards is to determine whether Federal funds were expended appropriately and in compliance with applicable laws and regulations.

Single Audit Report

The City’s independent auditors will conduct the City of New York Single Audit.

As part of the initial steps and conducting the City's Single Audit, the Auditors must determine Major programs for review and funding received from the following programs: Research and Development (R&D), American Recovery and Reinvestment Act (ARRA), and Federal Emergency Management Agency (FEMA) grants.

An R&D survey will be distributed on July 15, 2016. The purpose of this survey is to collect information regarding Fiscal Year 2016 awarded R&D funding as well as whether or not the Agency has had spending and/or reimbursement activity during Fiscal Year 2016 for which the R&D funding was awarded in a prior fiscal year. The completed survey is due back to the Comptroller's Office via email by July 29, 2016.

The New York City Single Audit Report consists of the independent auditors' report on:

- The City's Financial Statements and Supplementary Schedule of Expenditures of Federal Awards
- Report on Compliance and Internal Control over Financial Reporting based on an audit of the City's Financial Statements performed in accordance with Government Auditing Standards
- Report on Compliance with requirements applicable to each Major Program and on Internal Control over Compliance in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards

The Mayor of the City of New York and the Office of the Comptroller

The New York City Single Audit is completed through the coordinated efforts of the Mayor's Office of Operations, the Mayor's Office of Management and Budget and the Office of the Comptroller. Cooperation of all City Agencies covered by the requirements is crucial to the successful completion of the Single Audit.

The New York City Office of the Comptroller prepares the Schedule of Expenditures of Federal Awards, coordinates the issuance of the City's Single Audit Report; assists in the coordination of the audit by the independent auditors; and provides technical guidance through the issuance of Comptroller's Directives.

Internal Controls

To assist City Agencies in maintaining adequate internal controls and achieving compliance with Federal laws and regulations, the Office of the Comptroller requires that Agencies complete the Office of the Comptroller's Directive 1 Questionnaire, "Agency Evaluation of Internal Controls."

Schedule of Expenditure of Federal Awards

Background

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards requires the preparation of a Schedule of Expenditures of Federal Awards. The Schedule must include the following:

- List Federal programs by CFDA number for each Federal Agency
- Identification of pass-through entities
- Identification of the total amount provided to Subrecipients from each federal program in where the City acts as the pass-through
- The total amount of Federal awards expended during the year

The Schedule of Expenditures of Federal Awards is prepared by the Office of the Comptroller, in coordination with City Agencies. The preparation of the Schedule involves the following process.

Procedures

The preparation of the Schedule of Expenditures of Federal Awards follows the accrual basis of accounting. Therefore, Agencies should make sure that all federal assistance expenditures incurred by them during the fiscal year are included in their Report of Federal Awards.

The City of New York's Financial Management System (FMS Accounting) generates the report for Federal Awards. This report should reflect the total federal expenditures incurred by City Agencies during the fiscal year. The report is distributed to City Agencies for review and reconciliation. To comply with new requirements established in the Super Circular, the Comptroller's Office will distribute an Excel spreadsheet of each agencies sub-receipt information for completion and certification. The purpose of this exercise is to identify the total amount provided to sub recipients from each federal program where the city acts as the pass through. Once the data is reviewed and returned by Agencies, the Office of the Comptroller prepares the Schedule of Expenditures of Federal Awards which is then submitted to the independent auditors for examination and inclusion in the City of New York Single Audit Report.

Agency Verification Process:

To ensure the accuracy of the data and fair presentation of the Schedule of Expenditures of Federal Awards, the Office of the Comptroller requires that Agencies perform the following:

- Review the Report of Federal Awards to ensure that all data stated is correct. Please note that the NYC Office of Management and Budget will verify all items for CFDA number 97.036.
- **Reconcile the amounts in the report to internal records. If a difference is found in the amount or the CFDA no., please provide supporting documentation to corroborate the manual adjustment. The documentation provided should include FMS Accounting Document ID's, grantor letter, grant agreement, etc.**
- Ensure that the CFDA numbers are accurate.
- Ensure the Accuracy of the Pass-Through Grantor and indicate it beside each grant program.
- Ensure that the review takes into account all Federal assistance expended by the Agency including those programs received from a *pass-through entity* as well as *non-cash assistance* and any grant not accounted for on the report for Federal Awards.
- Ensure that the Excel spreadsheet for subrecipient information is completed accurately.
- Include the completed Single Audit Representation Letter with the Report of Federal Awards and the Subrecipient Information spreadsheet.

Report Deadline

The FMS Accounting Report for Federal Awards and Subrecipient Information spreadsheet will be distributed on **October 3, 2016**. Agencies must submit the reviewed and reconciled report to the Office of the Comptroller by **October 14, 2016** via email.

The Capital Projects Expenditure Accruals for Fiscal Year 2016 will automatically be computed by the FMS Accounting system.

By July 8, 2016 (month 12 close), Agencies should submit all Payment Requests covering expenditures for Fiscal Year 2016, enter a June 30, 2016 date or an accounting period of 12 on the Payment Request for the expenditure to be included in month 12 of Fiscal Year 2016.

Beginning July 11 (month 13 starts), all Fiscal Year 2016 Payment Requests with a service period on or before June 30, 2016 must be submitted by September 2, 2016 in order for FMS Accounting to generate an Automated Accrual and Clearing document which will automatically record the Fiscal Year 2016 capital expenditure accrual.

All Payment Requests must contain accurate service dates. This is extremely important during month 13, so that FMS Accounting will automatically generate an accurate Fiscal Year 2016 accrual.

Agencies must keep all back up documents and have them available for examination by internal or external auditors.

NOTE:

An adjustment to a capital expenditure accrual could have an impact on the Capital Revenue.

Critical Date

- **July 15, 2016** – Last date to submit Capital Reconciliation Representation Certification

The City's financial statements are prepared from transactions recorded in the FMS Accounting by Agencies. As required in the Comptroller's Internal Control and Accountability Directive 1: Principles of Internal Control, Section 4.3 "Control activities should exist at all levels and functions of an Agency. They include a wide range of diverse activities such as approvals, authorizations, verifications, record reconciliations and the creation and maintenance of related records that provide evidence of the execution of these activities." All City Agencies must reconcile their internal capital accounting records with data shown in FMS Accounting. The reconciliation ascertains that there is no conflicting data between two independently maintained set of records that could result in inaccurate financial statements.

When discrepancies exist, Agencies are required to investigate and make necessary adjustments to rectify omissions or errors, by processing the required documents or budgetary modifications. Capital accounting adjustments to FMS Accounting deemed necessary, should be forwarded to the Mayor's Office of Management & Budget and/or the Comptroller's Office.

Agencies are required to reconcile their internal capital records to the City's FMS Accounting monthly reports in the following areas:

1. Unencumbered balance for each unit of appropriation
Agencies should reconcile their internal capital records to the unobligated amount on FMS Accounting report CWA-CFEXPA-002 (Available Capital Funds Summary by Dept and Dept Type). Alternatively, Agencies may reconcile to the "available amount" on FMS Accounting Screens such as:
 - BQ94LV1 -Capital Inception-to-Date Appropriation Unit
 - BQ94LV2- Capital Inception-to-Date Budget Code *
 - BQ94LV3 -Capital Inception-to-Date Object*

*** Utilized when differences exist at the Unit of Appropriation level.**

2. Contract Liability Reconciliations – Agencies should reconcile the contract liability for each Unit of Appropriation/Budget Code combination, per their internal records to FMS Accounting Report CWA-AGOENC-001 (Aged Open Agreements by Dept and Appr as of Acct Pd or Date). As an alternative, Agencies may reconcile to an appropriate FMS Accounting inquiry screen which will provide the open encumbrance amount by unit of appropriation and budget code, i.e., BQ94LV2

3. Agencies must utilize the proper capital project fund and detail objects to account for pollution remediation expenditures. The following detail objects should be used to record pollution remediation expenditures.
- Object 202 Land Acquisition
 - ... Detail Object 2027 Pollution Remediation Obligations-Capital Eligible
 - Object 211 Construction Buildings
 - ... Detail Object 2111 Pollution Remediation Obligations-Capital Eligible
 - Object 212 Building Acquisition
 - ... Detail Object 2121 Pollution Remediation Obligations-Capital Eligible
 - Object 220 Capital Purchased Equipment
 - ... Detail Object 2201 Pollution Remediation Obligations-Capital Eligible
 - Object 231 IOTB Site Acquisition
 - ... Detail Object 2311 Pollution Remediation Obligations-Capital Eligible
 - Object 232 IOTB Construction
 - ... Detail Object 2321 Pollution Remediation Obligations-Capital Eligible
 - Object 241 Leasehold Imp Construction
 - ... Detail Object 2411 Pollution Remediation Obligations-Capital Eligible

NOTE:

Agencies are responsible for maintaining proper internal capital accounting documents and records subject to review by the Office of the Comptroller and external auditors.

In compliance with the Comptroller's Internal Control and Accountability Directive 1 and to certify that the records for the above two areas have been reconciled to the relevant FMS Accounting report(s) or screen(s), a June 30, 2016 Capital Reconciliation Representation, signed by the Agency Fiscal Officer must be submitted to the Comptroller's Office by July 15, 2016. Names of the report(s) or screen(s) used to reconcile with the internal records should be stated in the Capital Internal Record Reconciliation form. All differences whether reconciled or not should be noted on the Schedule of Differences which can be downloaded from the Comptroller's website.

If there are any questions concerning the Capital Reconciliations or the Representation Certificate, please contact Natasha Walker at 212-669-7405 or capital@comptroller.nyc.gov

- **July 1, 2016** – Capital Asset Inventory Reports available for printing by Agencies
- **August 1, 2016** – Complete Inventory reviews and process capital documents.
- **August 12, 2016** – Submit Capital Assets Certification Letter

The City is required to report Capital Asset activities in the City's Annual Financial Statement (CAFR). Each Agency is responsible for maintaining its own capital assets and to record all capital assets activities timely in FMS Accounting, as stated in Directive 30 Section 4. The Bureau of Accountancy-Capital Division will report capital assets data retrieved from FMS Accounting System in the City's Annual Financial Statement. To ascertain that the data we collected from the system is accurate and to comply with the Comptroller's Internal Control and Accountability Directive 1, every Agency has to physically account for its existing capital assets against its own fixed asset log and reconcile to the Capital Assets Inventory Report generated by FMS Accounting to determine whether all additions, retirements, transfers, and adjustments are recorded accurately.

To facilitate this process, FMS Accounting will generate a report (CASINV 001 Fixed Assets Inventory by Group) listing each Agencies Capital Assets Inventory. This report will be available for printing by each Agency on July 1, 2016 from FMS Accounting –InfoAdvantage Report. Due to procedural change, FISA will no longer produce/distribute printed reports to Agencies. However, if any Agency has problems printing any FMS Accounting report, please contact the FISA Call Center for help.

To comply with the Comptroller's Directive 1, each Agency is required to do the following:

- Review the relevant June 30, 2016 Capital Assets Inventory listings against its internal asset log which should have been physically verified manually as stated in Directive 30, section 11.0.
- Based upon the above review, if discrepancies are found, the Agency is required to correct or update the fixed asset record by processing appropriate fixed asset documents, i.e., Fixed Asset Acquisition Document (FA), Fixed Asset Value Increase/Decrease Document (FI), Fixed Asset Modification Document (FM), Fixed Assets Disposition Document (FD), Fixed Assets Transfer Document (FT) or Fixed Assets Cancellation Document (FC), etc
- This review must be completed by August 1, 2016.
- Upon completion of the above, the Fiscal Officer of each Agency is required to sign the Capital Asset Certification Letter to certify that the Agency has followed the above review procedures and properly accounted for all fixed assets in FMS Accounting.
- This certificate should be submitted to the Bureau of Accountancy by August 12, 2016. Please note that each Agency is responsible for the physical existence of its capital assets and all related documentation & records. Both are subject to internal and external audits.

Following is the Capital Assets Certification Letter which must be submitted to the Bureau of Accountancy, Capital Division by August 12, 2016.

In order for the Comptroller's Office to prepare the Capital Asset financial statements timely and accurately, all adjustment transactions must be properly completed and entered into FMS Accounting System by August 1, 2016. **No extensions will be granted.**

CAPITAL ASSET DISCREPANCIES

 - Land – Anticipated In Service Date
 - Equipment – Anticipated In Service Date
 - Vehicles – Anticipated In Service Date
 - Building – Percent Complete (80%)
 - Infrastructure (Excluding DEP) – Anticipated In Service Date (Using the last date of the current Fiscal Year)

- Fixed Asset System Number: Computer hardware and software require a Fixed Asset System Number, which must first be registered on the ASYS table, in order to reference it on the FN.

- Fixed Asset Catalog: The Fixed Asset Catalog code selected must be appropriate for the asset created. When selecting a Fixed Asset Catalog Code, please use the search function on the dropdown menu of the FN document to select the Catalog Code that most accurately represents the asset.
 - i) Note: The useful life inferred on the FN from the Fixed Asset Catalog code can be modified, if needed, but no other value should be altered unless instructed by the Comptroller's Office Bureau of Accountancy (Accountancy). If Accountancy has requested that your agency make a Fixed Asset Catalog Code change, please delete all previously inferred information so that the new Catalog Code selected can infer its own values.

Missing leases, terminations, expirations, amendments, minimum annual base rents and balances.

This review should take into account all rental payments made by your Agency. Therefore, if there are any agreements and/or commitments not accounted for on our report, **it will be your responsibility to add this information**. - **July 15, 2016** – Last date to Submit Inventory Report

In order for the Comptroller's Office, Bureau of Accountancy (BOA) to prepare the City of New York's annual financial statements, according to Generally Accepted Accounting Principles (GAAP), it is required that the City record the total amount of its inventory on its Statement of Net Assets in the Comptroller's Comprehensive Annual Financial Report. A letter was emailed to Fiscal Officers of each Agency on May 9, 2016 to give advance notice of the requirements to report the inventory of supplies to our office. It is therefore necessary that all City Agencies submit the value of its materials and supplies inventory as of June 30, 2016, based on a physical count. Inventory consists of:

- The value of materials and supplies on hand for all agencies,
- The value of postage stamps on hand, and
- The amount in all postage meters

In addition, Agencies that do not have a storeroom (and each Agency orders its own supplies) should count the amount of supplies on hand at year-end for all Agencies to arrive at the Agencies June 30, 2016 total inventory amount submitted to the Comptroller's Office. Agencies may use either of two inventory systems: Periodic (physical) or Perpetual to value their year-end supplies, materials and postage.

- **Periodic** - A physical inventory should be taken on June 30, 2016. A written procedure describing how the physical inventory was taken must be available for review to support this valuation.
- **Perpetual** - Detailed records are maintained on an on-going basis for each inventory item. The inventory balance is increased as items are purchased or inventoriable costs are incurred, and the balance is reduced as items are sold or transferred. Cycle counting may be used with the perpetual inventory system to supplement other control procedures and to spread the physical counting effort throughout a period. Cycle counting tests the reliability of the perpetual inventory system by physically counting a portion of inventory and comparing the quantity to the indicated perpetual records. The perpetual system generally makes the period-end cutoff process less burdensome.

An estimated value of the supplies inventory is not acceptable under either inventory system. These instructions apply to expense and capital budget items as well as unissued supplies in warehouses and supply rooms. The physical count must be observed and attested to by responsible Agency personnel. (See the accompanying sample form). Inventory detail with calculations, invoices, and other documentation used to compute the value of the inventory must be retained by the Agency to be available for audit. The valuation method used must be specified, e.g. FIFO, LIFO, Moving-Average or specific identification Method.

- **First-in, First-out Method (FIFO)** - the inventory remaining on hand is presumed to consist of the most recent costs.
- **Last-in, First-out Method (LIFO)** - the inventory remaining on hand is presumed to consist of the earliest cost.

- **Moving-Average Method** - the ending inventory is valued at the moving-average unit cost for the period.

Specific individual pieces of inventory on hand are identified, along with their respective costs. This is most appropriate for low volume, high cost items including capital inventory.

Please indicate if the valuation method currently used is different from the prior year and include an explanation why the inventory valuation method was changed. The instructions apply to both expense and capital budget items as well as unissued supplies in warehouses and supply rooms. Those Agencies which have capital projects should submit separate forms for their capital budget inventory and for their expense budget inventory.

Agencies that **do not have more than \$5,000** in total inventory(including postage) are not required to submit an inventory report. However, please contact us via e-mail to notify us.

	<p><u>NOTE:</u> Handwritten spreadsheets are no longer acceptable. Spreadsheets are to be done in an Excel format for calculation purposes. Inventory supply cover sheet must be signed. Both the cover sheet and the spreadsheets must be sent via e-mail to inventory@comptroller.nyc.gov .</p>

Fiduciary Accounts

The Comptroller's **Directive #27**, *Fiduciary Accounts-Procedures for Requesting, Controlling, and Monitoring*, is a Directive on the overall accountability, control, and reporting requirements of fiduciary accounts (formerly referred to as Trust and Agency Accounts). The Governmental Accounting Standards Board (GASB) requires that **private purpose trust funds** be used to report all trust arrangements, other than pension and investments trust, under which principal and income benefit individuals, private organizations or other non-City governmental entities. **Agency funds** are used to report assets that are being held purely in a custodial capacity for the benefit of individuals, private organization, or other non-City governmental entities. Grants and donations given to the City for City programs are considered public-purpose resources and must be recorded in the General Fund. **Permanent trust funds** are a type of fiduciary account whose resources are legally restricted to the extent that only earnings may be used to directly support the City's programs. **Directive #27** requires an accounting, from City Agency, of all fiduciary accounts. It also requires an accounting of each individual bank account or other financial assets held by an Agency or its sub-units (see Section A).

Agencies that maintain Fiduciary Accounts (Private-purpose trust, Permanent and Agency funds) must submit the "Fiduciary Account Certification and Representation Form" signed by the Agency Head (or authorized designee) as required by Directive #27, no later than August 12, 2016). This includes accounts with zero balances.

If your Agency determines that a fiduciary account is no longer necessary and the account is no longer legally required, please follow the procedures for reporting inactive accounts as outlined in Directive #27, Section 5.5.2.
