¹ Performance for funds with less than eight (8) quarters of activity is not meaningful.

² Russell 3000 PME+ or Long-Nickels PME for investments with no distributed capital as of quarter-end.

³ PME Spread is calculated as IRR minus PME Return.

NYCERS - 2012 Emerging Manager Program includes the total commitment amount of \$139.6 million. The Program’s original commitment amount of \$150 million was subsequently revised to \$139.6 million, all of which has been committed. The remaining \$10.4 million was reallocated to the NYCERS - 2015 Emerging Manager Program.

NYCERS - 2015 Emerging Manager Program includes the total commitment amount of \$158.8 million. The Program’s original commitment amount of \$190.4 million, which included the original \$180.0 million commitment and the \$10.4 million reallocation from the NYCERS - 2012 Emerging Manager Program, was subsequently revised to \$158.8 million. All \$158.8 million has been committed, and the remaining \$31.7 million was reallocated to the NYCERS - 2019 Emerging Manager Program.

NYCERS - 2019 Emerging Manager Program commitment amount totals \$247.7 million, which includes the Program’s original \$216.0 million commitment and the \$31.7 million reallocation from the NYCERS - 2015 Emerging Manager Program. All \$247.7 million has been committed.

Total Portfolio includes liquidated investments.

Note: IRRs presented are interim estimates and may not be indicative of the ultimate performance of fund investments due to a number of factors, such as the lack of industry valuation standards and the differences in the investment pace and strategy of various funds. Until a fund is liquidated, typically over 10 to 12 years, the IRR is only an interim estimated return. The IRR calculated in early years of a fund is not meaningful given the J-curve effect. The actual IRR performance of any fund is not known until all capital contributed and earnings have been distributed to the investor. The IRRs contained in this report are calculated by StepStone Group LP (“StepStone”), a consultant to the New York City Employees’ Retirement System, based on information provided by the general partners (e.g. cash flows and valuations). The IRR calculations and other information contained in this report have not been reviewed or confirmed by the general partners. The result of the IRR calculation may differ from that generated by the general partner or other limited partners. Differences in IRR calculations can be affected by cash-flow timing, the accounting treatment of carried interest, fund management fees, advisory fees, organizational fees, other fund expenses, sale of distributed stock,

Note: IRRs presented are interim estimates and may not be indicative of the ultimate performance of fund investments due to a number of factors, such as the lack of industry valuation standards and the differences in the investment pace and strategy of various funds. Until a fund is liquidated, typically over 10 to 12 years, the IRR is only an interim estimated return. The IRR calculated in the early years of a fund is usually not meaningful given the J-curve effect. The actual IRR performance of any fund is not known until all capital contributed and earnings have been distributed to the investor. The IRRs contained in this report are calculated by StepStone Group LP, a consultant to the New York City Retirement Systems, based on information provided by the general partners of each investment (e.g. cash flows and valuations). The IRR calculations and other information contained in this report have not been reviewed or confirmed by the general partners. The result of the IRR calculation may differ from that generated by the general partner or other limited partners. Differences in IRR calculations can be affected by cash-flow timing, the accounting treatment of carried interest, fund management fees, advisory fees, organizational fees, other fund expenses, sale of distributed stock, and valuations.

NYCERS Monthly Infrastructure Cash Flow Summary (as of October 31, 2025)
