

Between 2012 and 2015,  
**22 NYC Organizations Received \$27.3M in Title X Funds**

**12 Non-Profits** supported care of almost 110,000\* New Yorkers/Year

**10 NYC Health + Hospitals Facilities** supported care of 35,000\* New Yorkers/Year

The Title X National Family Planning Program (Title X) represents the only source of dedicated federal funding for family planning services, but the future of these programs in New York City and elsewhere is jeopardized by federal policymakers. Women and men all across the country rely on Title X to receive high-quality low-to-no cost confidential health care, but proposals now being advanced by Congressional Republicans and the Trump Administration would reduce or even eliminate these critical dollars.

**Who Is Served By Title X Funding?**

**148,000\***  
New Yorkers/Year

**91% are women**  
(75% are ages 18-34)

**60%**  
are in poverty

**32%**  
lack health insurance

**Number of Contraceptive Clients**

Of those receiving Title X supported care, almost 130,000 received contraceptive services in 2015

**Services Include**

Preventative Health Care

Contraceptive Education
